The Monthly

The Monthly will be a once a month short newsletter with the intent to give the Amplify Tech team some information you may need, to create community by letting you see the people on the team and to do training via the web.

Online Planning Center

Online Planning Center is a volunteer scheduling & file sharing web site used by churches. Various teams at Crossroads have been using it for a while. Over the next few months I am going to begin drawing our team into using it. On the weeks you serve it will allow you to log in and listen to or download the songs we are doing, see the videos we are using and get a look at the flow of the day. Sometime in the next 30-90 days you will receive an email from the site asking you to log in and create a password. I will be doing training with each segment of Amplify prior to you getting that email. You can check out the site by clicking [here](#).

Amplify Summer Party

Sunday, August 31, 1:30 p.m. Chuck and Starla Ficks home 6360 Rome Road Adrian, MI. 49221. Come hang out with the team and party before the summer ends. Bring your kids and family. Bring a dish to pass.

Audio Training September 3

Sound men on September 3 at 12:45 pm in the auditorium I'd like to have a quick meeting. The Agenda will be: Training Schedule for the next year, Planning Center Training. If your going to be gone that weekend please email me.

Movie Nights

Amplify lighting tech Henry Heise has graciously opened up his home theater to the Amplify team. Beginning in September we will be hosting a monthly movie night. Come hang out and enjoy a show. Details coming soon.

Meet Cameron Barber

I have been going to Crossroads for:

2 1/2 years

My Favorite Movie: Spaceballs & The Nativity Scene.

I joined the tech team because: My passion is photography and production. This is something that makes me the most happy when doing. I feel like this is a way I can give back to God while using the talents he has given me.

My hobbies are: Being with my children, photography, scrap booking, camping, traveling, designing web layouts, spending time with family and friends, BBQ's, Hosting: decorating and planning parties.

If I could visit one place, anywhere in the world it would be: Paris, France.
